

# Reading 2003, Grade 4

Reading Composite

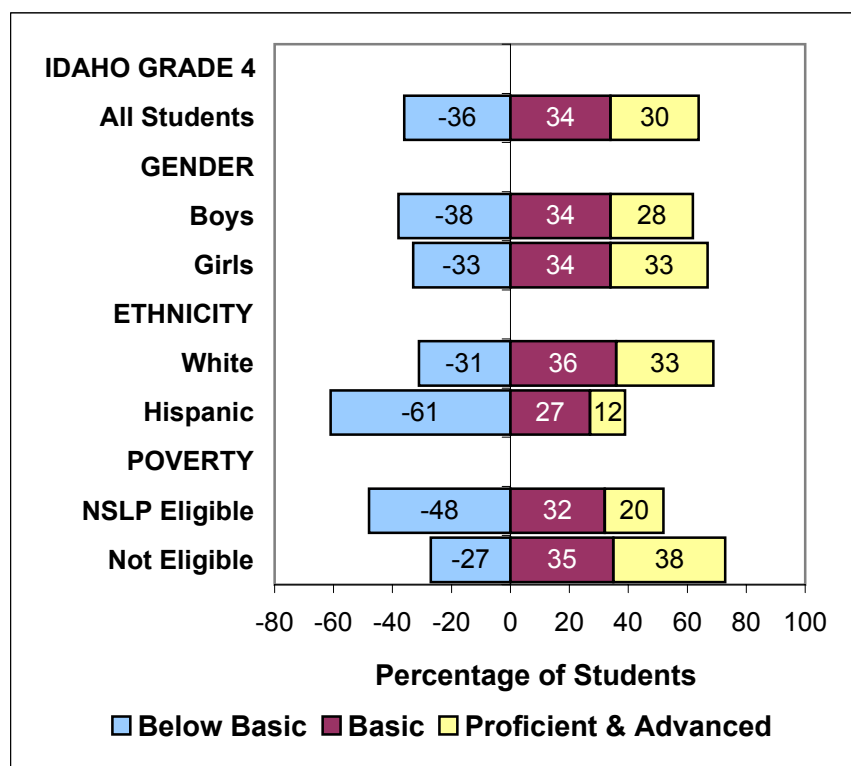

Idaho NAEP Snapshot

Volume 2003, Number 5

The Reading assessment of the National Assessment of Educational Progress (NAEP) used multiple-choice and constructed-response questions to examine reading comprehension in two contexts: Reading for Literary Experience and Reading to Be Informed. The reading scale scores ranged from 0 to 500, where 208 is a *Basic* performance, 238 is *Proficient*, and 268 is *Advanced*.

## Reading Performance Levels by Demographic Group in Idaho

- ◆ On the NAEP 2003 reading assessment, the percentage of 4th grade girls in Idaho who scored at or above *Basic* (67 percent) was higher than boys (62 percent).
- ◆ On the NAEP 2003 reading assessment, the percentage of White 4th grade students in Idaho who scored at or above *Basic* (69 percent) was higher than their Hispanic peers (39 percent). Sample size was not sufficient to permit a reliable estimate of reading performance for Black, Asian, and American Indian students.
- ◆ On the NAEP 2003 reading assessment, 52 percent of the students in Idaho who qualified for free or reduced price meals in the National School Lunch Program scored at or above *Basic*. This was lower than the percentage of students who were not eligible for the program (73 percent).

Comparisons are based on statistical tests (.05 level) that consider magnitude of difference and standard errors.
